Law Update | Civil Rights | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator

Course Description: Each year, law enforcement officers are injured, killed, or indicted as a result of improper searches. This eight hour presentation will provide an in-depth analysis of fatal searching mistakes that are frequently acknowledged but seldom addressed. This class has been specifically developed for male AND female patrol officers of all experience levels. However, any personnel responsible for conducting body searches on subjects, whether on the street or in lock-up, will benefit from attending. Unique circumstances surrounding the proper searching of females by officers of the same or opposite sex will be examined in detail. Students will gain insight and be provided the opportunity to exchange ideas and helpful tips that can be put to use immediately.

Topics to be addressed include the following:

- Proper search methods
- Common search mistakes
- Legal doctrine pertaining to different types of searches, including strip searches
- Same sex searches
- Opposite sex searches
- Strip searches
- Policy and procedure

Students will participate in practical search exercises as part of this class and are asked to bring a copy of their current policy regarding searches/lock-up procedures to class.

Instructor:

The instructor for this course is Sgt. Julie Johnson of the Carol Stream Police Department, where she has served for 17 years. Prior to joining the CSPD in 1997, she was a dispatcher/telecommunicator for the Woodridge Police Department for three years. During her career, Julie has been trained and/or served as a DARE officer, GREAT officer, School Resource Officer (SRO), Gang Specialist, Field Training Officer, Evidence Technician, Juvenile Officer, PPCT/Defensive Tactics instructor, use of force instructor, and police suicide awareness instructor. Julie developed the department's Matron Training Program and has

been responsible for teaching Prisoner Search training to both male and female personnel. In addition to serving as day shift supervisor, Julie is also in charge of the Defensive Tactics Program.

Continued on next page:

Julie has written department policies for the Use of Force and Deadly Force investigations. Julie has presented on the topic of Prisoner Searches at the International Law Enforcement Educators and Trainers Association (ILEETA) conference, Midwest Security and Police Expo presented by the Illinois Association of Chiefs of Police and was guest speaker at a DuPage County Senior Police Management monthly membership meeting.

Crisis Intervention Team Training (CIT)

40-Hour State Certified Course

Plainfield Fire Protection District (Headquarters)

23748 W. 135th Street; Plainfield, IL 60544

Monday - Friday, October 1 – 5, 2018

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): Civil Rights | Constitutional & Proper Use of LE Authority | Cultural Competency | Human Rights | Legal Updates | Procedural Justice

Purpose: Law enforcement officers are generally the first responders to crisis events. This course is also open to local and county sworn corrections officers. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Crisis Intervention Team training is an in-depth 40-hour specialized course of study for uniformed patrol law enforcement officers and sworn corrections officers who, in addition to their regular service calls, will be required to respond to crisis calls involving people who have behavioral disabilities. CIT officers will use their acquired knowledge and skill to effectively handle crisis situations and make the most appropriate disposition, which will best serve the individual and the community.

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario based training will take place on Thursday, October 4th, attendees will be required to wear their "department uniform of the day" for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from

various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

Peer Support for Public Safety Agencies

Manteno Fire Department

13 S Walnut St; Manteno, IL 60950

Monday - Friday, October 22 - 26, 2018

8:00am – 4:00pm

Please note this course is intended for department members whose respective agencies currently have or are in the process of developing a Peer Support Team.

This course complies with the guidelines of the following mandate(s): Human Rights | Procedural Justice

Course Description: This 5 day, 40-hour program has been **developed for entry-level participants who have been chosen as peer support team members** and is consistent with accepted industry standards, guidelines for peer support as proffered by the International Association of Chiefs of Police, and reviews of other law enforcement programs and peer support as a discipline. Content is heavily influenced by previous experiences in peer support, crisis hotline training, and related behavioral sciences. The overall philosophy is that peer support comes from within the peer support team member, from his or her own experiences, and from the recognition of one's own feelings. This provides the starting point for understanding crisis, stress, suicide, bereavement, crisis communication skills, the model known as Critical Incident Stress Debriefing, boundaries, confidentiality, and other pertinent information to prepare the team member to intervene in a personal crisis and/or critical incident.

Lecture, discussion, personal introspection, sharing and intense role-playing exercises are the methods generally utilized in this training. Critiques from over 500 past participants have supported this training as the definitive starting point for a peer support team member.

Topics to be addressed include:

- What is peer support?
- The Peer Intervention Model
- The Nature of Crisis
- Crisis Communication Skills
- DSM IV & the Relationship with Trauma
- Understanding Suicide
- Cynicism
- Resiliency
- Setting Limits

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): **Mental Health Awareness**
Civil Rights | Use of Force | Procedural Justice | Human Rights | Constitutional and Proper Use of L.E.
Authority

Course Description: This one day, 8-hour program has been designed to provide students with basic understanding of Autism Spectrum Disorders and strategies for interactions with individuals with an Autism Spectrum Disorder. Over the years the number of individuals diagnosed with Autism Spectrum Disorders (ASD) has risen drastically, resulting in increased contacts with law enforcement. This training will show students how inappropriate responses by individuals with Autism Spectrum Disorders, such as lack of communication skills, aggressive behavior, and obsessive-compulsive behaviors can be reconciled. This can be done by identifying procedures that a law enforcement officer should/may employ when interacting with an individual with a disability, and identify the procedures a law enforcement officer should follow to ensure the safety and cooperation of a person with Autism Spectrum Disorder (ASD).

Course Topics:

- Explanation of Autism
- Characteristics of Autism
- Strategies for Interaction
- De-escalation Strategies
- Wandering Issues
- Communication Strategies (verbal and non-verbal)
- Interviewing Victims/Offenders
- Use of Force Considerations
- Law Enforcement Programs

Medical Marijuana & Standardized Field Sobriety Testing

Frankfort Police Department
20602 Lincoln-Way Lane, Frankfort, IL 60423
Thursday; November 14, 2018
8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
Civil Rights | Constitutional & Proper Use of LE Authority | Human Rights | Legal Updates

Course Description: The Compassionate Use of Medical Cannabis Pilot Program Act enacted January 1, 2014, created new challenges for law enforcement personnel. According to statute, the law enforcement officer must have an independent, cannabis-related factual basis, giving reasonable suspicion that the person is impaired by cannabis. Subsequent to establishing these elements, an officer may ask the driver to submit to Standardized Field Sobriety Tests. Under this statute, the results of SFSTs will be the primary tool in determining impairment. The goal of this 8-hour block of instruction is to provide officers with an overview of the medical marijuana statute. The primary focus will be on enforcing the DUI segment, including the implied consent provision.

➤ **A Standardized Field Sobriety Testing proficiency exam will be given utilizing the most recent SFST curriculum. This exam will serve as a SFST recertification in order to satisfy IDOT requirements for DUI grants.**

Officers will also be provided information on non-standardized tests and eye exams which will aid in the determination of cannabis impairment. The ultimate goal is to reduce the number of crashes, deaths and injuries caused by impaired drivers.

Upon completion of this training officers will be able to:

- Summarize the Compassionate Use of Medical Cannabis Pilot Program Act
- Describe those individuals that may use or possess medical marijuana
- Describe those agencies capable of cultivating and selling medical marijuana
- Describe the limitations for possession and using medical marijuana
- Describe who is banned from the program
- Describe the implied consent provision of the statute
- Summarize scientific research related to driving and cannabis usage
- Administer SFSTs utilizing most recent curriculum
- Pass a SFST proficiency exam with standards from the most recent SFST curriculum
- Administer eye checks to determine cannabis usage
- Recognize signs and symptoms associated with cannabis usage
- Administer non-standardized field sobriety test

Instructor: Tony Lebron (Retired M/Sgt; ISP) will be the lead instructor.

The Reid Technique of Interviewing and Interrogation®

Frankfort Police Department

Monday - Wednesday; December 3 - 5, 2018

8:00 am till 3:00 pm

This course complies with the guidelines of the following mandate(s):

Civil Rights | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator | Legal Updates

Course Description: This is a twenty-one hour program on the Reid Technique of Interviewing and Interrogation®. The course includes; interview and interrogation preparation, behavior symptoms, the Reid® Behavior Analysis Interview (B.A.I.) and "The Reid Nine Steps of Interrogation" which include:

Interview and Interrogation Preparation

The style, appearance and approach of the successful interviewer and interrogator will be covered, as will the room settings conducive to these activities.

Behavior Symptoms

Differences in verbal and nonverbal behavior between innocent and deceptive persons often can be observed, and are thus indicative of whether or not a suspect is telling the truth. A guilty suspect makes a conscious decision to resist your effort to get at the truth. In trying to maintain a structure of verbal lies, however, that suspect most often develops internal conflicts and tensions which manifest themselves in nonverbal behavior. Thus, body movements, facial expressions, eye contact, attitudes, posture and grooming gestures can indicate whether the subject is telling the truth or lying. Nonverbal indicators can also be used to determine whether the suspect under interrogation is listening, maintaining a defiant attitude or is ready to confess. You will learn how to observe and assess critical behavior symptoms and use those assessments to determine whether to move on to the next step of the interrogation.

Reid® Behavioral Analysis Interview (B.A.I.)

The information developed through use of the standard investigative questions of "who," "what," "when" and "how" is often not adequate — even in combination with physical evidence — to identify the wrongdoer. The Reid Behavioral Analysis Interview is a technique that uses a structured set of non-accusatory behavior-provoking questions developed as a result of many thousands of interviews. The B.A.I. makes it easier to determine whether the suspect is telling the truth about involvement in the matter under investigation, and is flexible enough to be used in cases ranging from employee theft to homicide.

The Reid Nine Steps of Interrogation®

The nine-step approach to a successful interrogation has been developed by John E. Reid and Associates through extensive research and practical experience over a period of 60 years. Because of the subject's importance, approximately half the classroom time in the seminar is devoted to the interrogation process and detailed examination of each of the nine steps.

John Reid and Associates will provide the instructor for this class.

Thursday; December 6, 2018
8:00 am to 3:00 pm

This course complies with the guidelines of the following mandate(s):
Civil Rights | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator | Legal Updates

Course Description: This course is for individuals who have completed the 3-day seminar on *The Reid Technique of Interviewing and Interrogation*, and builds upon their knowledge of the Reid Technique.

Most unsuccessful interrogations are a result of the investigator's inability to move the guilty suspect from one stage of the interrogation to the other. *Reid* has defined three distinct stages of the interrogation that may give the investigator problems:

1. Defiant stage: seven proven tactics to move suspects out of this stage
2. Neutral stage: four proven techniques to get the suspect to listen to the interrogator's themes
3. Acceptance stage: three specific techniques that will dramatically increase admissions of guilt

People who commit crimes do so to fulfill certain needs. What needs were satisfied is based upon the case facts, evidence and results of the interview — types of needs that will be thoroughly discussed are:

- Real need crimes
- Impulse need crimes
- Esteem need crimes
- Lifestyle need crimes

The Advanced Seminar will also address the following specific problem areas for some but not all interrogations:

- Juvenile interrogations
- Interrogation regarding guilty knowledge
- Playing one suspect against another
- Interrogation on multiple crimes

Illinois General Explosives Recognition and Requirements

JJC, Weitendorf Agricultural Center
17840 W. Laraway Rd, Joliet, IL 60433
Friday, December 7, 2018
8:00 am till 4:00 pm

GPS alert: use 1151 East Laraway Road 60433, neighbor of Ag. Center

This course complies with the guidelines of the following mandate(s): Law Updates

Course Description: This is a one day 8-hour class being provided by the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. The class will provide hands on education for recognizing the different types of high/low explosives and their requirements at both the State of Illinois level, as well as the BATFE (Federal) level. In addition to general explosive recognition, the specifics and differences of consumer fireworks (1.4) vs. professional grade fireworks (1.3G) and the laws that pertain to them will be discussed in great detail.

This class is being provided by the IDNR to help educate law enforcement and to provide direct assistance, on scene, when dealing with explosive situations. The IDNR regulates / investigates high and low explosives including 1.1, 1.2, 1.3, and 1.5. Too many times law enforcement does not have the education to know how to identify an explosive and/or if a bomb squad needs to be called. Bomb Squads, Explosives Breaching SWAT Teams, and BOMB Dog Handlers already possess the IL Individual Explosives License. The IDNR must be notified immediately upon any recovery of a regulated explosive and/or device to pursue the information necessary for enforcement.

If the Officer and their respective department so desire; after completing the class and passing the exam they can receive an IL IDNR Individual Explosives License, to be used in association with their law enforcement duties. A random monthly bank of test questions will administered at the end of the class which will consist of 50 questions that will be multiple choice and/or True-False. Each officer receiving the license will fill out an application and must pass the test with an 80% or higher. Officers who do not pass the test will be provided an opportunity to retest in the near future.

➤ **Licensing is recommended but not required to attend.**

There are eight chapters covered in the presentation and each officer will be provided a packet of information from the IDNR consisting of a copy of the IL Explosives Act, the Admin Codes that Apply to the Act, a general explosives safety packet, a packet for note taking as the presentation is given, and a small 4-page packet for officers to keep available as a quick reference guide for explosive identification purposes, while on duty.

Key topical areas to be addressed include the following:

- Illinois Explosives Act
- Explosive Storage Requirements-Law Enforcement and Non-Law Enforcement
- Explosives Safety/Recognition/Handling (m-devices, homemade sticks, etc.)
- Fireworks- 1.3G low explosives (professional fireworks) vs 1.4 low explosives
- Enforcement of 1.3G vs. 1.4 and their requirements

Instructor:

The instructor for this class is Nick Sterling who currently is a Specialist/Inspector/Investigator for the Illinois Department of Natural Resources, OMM-Explosives and Agg. Division. Mr. Sterling's current territory includes Cook, Lake, McHenry, DuPage, Kane, Kendall, Gundy, and Will Counties. Sterling has been with the Department for four years and inspects/investigates all explosive storage facilities (Law enforcement and Non-Law Enforcement), explosives accidents, explosives incidents, and performs random checks/investigations on both licensed and unlicensed individuals. Sterling has 18 years of high explosives experience and teaches the IL Individual Explosives License Class on a regular basis. Over the past few years Mr. Sterling has noticed a lack of education when law enforcement agencies are dealing with explosives related issues, and hopes to help prevent these issues in the future through education and assistance.

Night-Time Traffic Stops: with Air Soft® Training

JJC, Weitendorf Agricultural Center
17840 W. Laraway Rd, Joliet, IL 60433

Monday, December 10, 2018

2:00 pm till 10:00 pm

This course complies with the guidelines of the following mandate(s): Use of Force
Legal Updates | Civil Rights | Constitutional & Proper Use of LE Authority

GPS alert: use 1151 East Laraway Road 60433, neighbor of Ag. Center

Course Description: Vehicle stops are one of the most hazardous duties performed by police officers; no two traffic stops are ever the same. These hazards compound themselves at night, when unknown threats and risks can be present within reach, but hidden by darkness. This eight hour, scenario-based seminar is designed to teach officers the unique tactical considerations and tactics for making traffic stops from positions of advantage and safety at night.

COURSE GOALS:

- Proper application and use of flashlights
 - Multiple lights, Team techniques
- Learn and practice the "wall of light" theory
- Learn to use different lighting to their advantage
 - Street lights, ambient lights, moving traffic headlights, spot lights, flashlights
- Learn how to use darkness as a cover officer advantage
- Identify the special hazards officers face at night on traffic stops
- Learn techniques for removing and controlling multiple vehicle occupants
- Learn the proper commands for removing occupants from vehicles.
- Recognize Improvised Explosive Devices (IED) and rolling terrorist vehicles and use
- Review techniques for vehicle stop locations and suspect-officer interaction
- Learn how to secure an IED and scene for responder and public safety
- Learn how to contact STIC, JTTF, and DHS for terrorist involved stops
- Recognize physical tells of subjects who may be carrying IEDs

This class is a soft air, weapons training course. Officers need to bring their duty belts and should (not required) have their department vehicles for scenarios. Officers are encouraged to have either sweatshirts or long sleeve shirts available to wear. Face protection and Air Soft® type weapons will be issued at the training site.

The instructors: The lead instructor is Michael Drumm. All instructors are certified, full-time police officers, and are members of the Illinois Tactical Officers Association and the International Law Enforcement Educators and Trainers Association. Drumm is also a DHS contract instructor.

Advanced Roadside Impaired Driving Enforcement

Frankfort Police Department,

20602 Lincoln-Way Lane, Frankfort, IL 60423

Tuesday & Wednesday; December 11 & 12, 2018

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

Civil Rights | Constitutional & Proper Use of LE Authority | Human Rights | Legal Updates

Course Description: The Advanced Roadside Impaired Driving Enforcement (ARIDE) program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) Technical Advisory Panel (TAP) and the Virginia Association of Chiefs of Police. ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

This course will offer additional information to law enforcement officers on detecting impairment caused by more than just alcohol. Often law enforcement officers that have not received advanced or in-service training regarding drug impairment tend to not be able to identify these characteristics; therefore, they will release an impaired driver. Once an officer completes the training he/she will be more proficient with the 3 battery of tests (HGN, WAT, OLS), as well as a broader knowledge of drug impairment indicators. The law enforcement officer will also be more familiar with the DRE program and its function. This will facilitate better communication and transfer of critical roadside indicators of impairment to the evaluating DRE officer for a more complete and accurate assessment of the impairment.

ARIDE is a 16-hour training course taught by DRE instructors or SFST instructors who are also DREs. The training will be conducted under the control and approval of the DEC Program state coordinator. This course encompasses information and techniques for addressing the drug and alcohol impaired driving problem. The following topics are discussed and/or delivered in detail throughout the entire curriculum:

- Update of Standardized Field Sobriety Testing Battery
- How drug impaired driving affects our community
- SFST Proficiency Examination
- Drugs in the human body and the impairing effects they may have
- Seven categories of drugs identified by the DEC Program
- Additional sobriety tests that will provide an expanded knowledge of detection to law enforcement
- Provide an expanded knowledge of prosecuting drug impaired drivers to prosecutors and courts

Much of the classroom training is devoted to hands-on practice.

Instructor: Tony Lebron (Retired M/Sgt; Illinois State Police) will be the lead instructor.

Standard Field Sobriety Testing Instructor School

Plainfield Police Department

14300 Coil Plus Drive, Plainfield, IL 60544

Monday – Friday; December 17 – 21, 2018

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):
Civil Rights | Constitutional & Proper Use of LE Authority | Legal Updates

Course Description: The purpose of this course is to prepare law enforcement professionals to effectively instruct the SFST training program using the concepts and principles provided by the National Highway Traffic Safety Administration and the International Association of Chiefs of Police. The curriculum addresses the application of basic adult learning theory and the instruction skills needed to deliver this training.

In the SFST instructor-development training program, the principal participants are law enforcement officers who have demonstrated proficiency in the administration of the standardized field sobriety tests (SFSTs), and are actively involved in detecting and apprehending impaired drivers. Participants should be well versed and comfortable with the SFSTs, including the HGN test.

Primary reasons for attending this training are:

- a desire to develop or strengthen effective presentation skills.
- a desire to develop or strengthen skills as an SFST instructor.
- a desire to learn how to conduct interactive participant-centered training.
- a desire to become more familiar with the SFST curriculum available through NHTSA and the International Association of Chiefs of Police.

The most significant learning activities are the presentations made by the participants. The participants will use NHTSA course materials to prepare their practice teaching presentations. Participants are expected to become thoroughly familiar with content, learning activities, training aids, etc. related to delivery of the SFST course.

Instructors: Lead instructor will be Tony Lebron (Retired M/Sgt; Illinois State Police). He will be assisted by various Law Enforcement Officers (active and retired) approved by the Illinois Law Enforcement Training and Standards Board.
