Monday - Friday, April 2 - 6, 2018

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): Human Rights | Cultural Competency
Civil Rights | Constitutional & Proper Use of LE Authority | Legal Updates | Procedural Justice

Course Description: This forty-hour course is specifically designed for experienced uniformed patrol personnel selected to serve as Field Training Officers with probationary employees. The course emphasizes the FTO's role in assisting probationers certify for solo patrol operations by applying the knowledge and skills acquired during Basic Police Training/Certification and using them according to agency policy, procedures and community service delivery standards.

The instruction highlights two essential Field Training and Evaluation Process skills: 1) the ability to examine and objectively document the probationer's job behaviors using the 2009 revised non-numerical/behaviorally anchored standardized assessment guidelines and, 2) analyzing the probationer's training needs and using proper instructional techniques for corrective action.

The instruction presentation will focus upon discussion as well as hands-on application of the course materials in small group and individual/student exercises. Students will be required to complete out-of-classroom reading assignments from the course text and workbook, *Breaking Routine™: Field Training Officer*.

The course content will include:

- What every FTO really needs to know about the operational structure of the Field Training & Evaluation Process.
- The Instructional Relay Race: Taking over where Basic Police Training/Certification left off.
 - Inventorying the probationer's current knowledge and skill proficiencies.
- Selection and use of on-the-job instructional techniques: finding the best tools to meet the challenge.
- Utilization of legally defensible, non-numerical standardized evaluation guidelines.
- Objectively documenting probationer performance.
- Documenting the extent of training and coaching without becoming a best-seller author.
- Strategically addressing Probationer areas of Corrective Action Necessary.
- Utilizing the Probationer Officer Manual as the Field Training playbook.
- Practical Directed Patrol Mapping™: Preparing the Probationer for Proactive - Community Oriented Policing: Dancing with SARA!
- Creating a Self-Reliant™ law enforcement agent.

Special attention: *Students should be familiar with their Department's current Field Training and Evaluation Process and should be briefed on their agency's process. Students are encouraged to bring a copy of their agency's Probationary Office Manual and forms to class.*

Instructor: This course will be taught by: Mr. Bruce Sokolove, Field Training Assoc., Ypsilanti, MI.

"My C.I."

Cultivating and Effectively Handling Today's Top Confidential Informants

New Lenox Police Department

200 Veterans Parkway, New Lenox, IL 60451

Friday; April 13, 2018

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s)
Civil Rights | Constitutional and Proper Use of Law LE Authority | Lead Homicide

Course Description: The focus of this dynamic one day seminar is to simply clarify each and every aspect of working hand and hand with an "informant" in any criminal investigation, such as of drug cases, property crimes and other serious crimes against person including homicides. This seminar has been developed for *patrol officers, tactical officers, detectives, gang investigators, agents and command staff*. Your expert instructor will share his experiences and address issues to help you develop your own strategies in spotting, cultivating and safely getting informants to work for you.

From first time offenders to high-level criminal organizations, the mentality of those heavily involved in today's most serious crimes is rapidly changing. Today, we are tasked with combating the most dangerous criminals in the U.S. and across the world who continue to improve in ways of eluding law enforcement. This is where "My C.I." comes in. Behind every great informant is a greater handler who always understands their capabilities, an informant's limits, and the legal aspects during day to day operations. Despite the ambitions or motivators of potential informants, you will develop the expertise that's needed today to protect the informant, your agency and yourself.

Topics Include:

- Spotting today's possible candidates and dangers
- Evaluating the informant and their potential in each investigation
- The significance of protecting your agency and establishing voluntariness
- Understanding the informant's motivators and lifestyle
- Mastering rapport and effective communication
- Establishing and maintaining ethical and professional relationships
- Today's legal aspects and courtroom preparation

Instructor: Domenic Cappelluti CFI is a veteran street cop with the Waukegan (Illinois) Police Department and former Group Supervisor of the elite Lake County Major Crime Task Force (Illinois). Crisis Intervention Team Training (CIT)

40-Hour State Certified Course

Orland Park Police Department

15100 S. Ravinia Ave., Orland Park IL 60462

Monday - Friday, April 16 – 20, 2018

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s): Civil Rights | Constitutional & Proper Use of LE Authority | Cultural Competency | Human Rights | Legal Updates | Procedural Justice | Mental Health Awareness

Purpose: Law enforcement officers are generally the first responders to crisis events. This course is also open to local and county sworn corrections officers. It is important to have individuals in law enforcement who can utilize effective strategies, insuring public and personal safety. The Crisis Intervention Team (CIT) training provides officers with education about mental illness and other behavioral disabilities as well as providing skills and tools for effectively and safely interacting with someone who is experiencing a crisis.

Course Description: Crisis Intervention Team training is an in-depth 40-hour specialized course of study for uniformed patrol law enforcement officers and sworn corrections officers who, in addition to their regular service calls, will be required to respond to crisis calls involving people who have behavioral disabilities. CIT officers will use their acquired knowledge and skill to effectively handle crisis situations and make the most appropriate disposition, which will best serve the individual and the community.

The key components of this course cover the following:

- Officers are exposed to the dynamics of mental illness, developmental disabilities, child and adolescent disorders, elderly individuals with behavioral issues, returning combat veterans, people who have excited delirium, and people with substance abuse/co-occurring disorders. This training will allow officers to make quick and effective decisions utilizing options they have to resolve the crisis.
- Officers are exposed to the experiences, viewpoints and concerns of persons with mental illnesses (consumers). Officers will meet with consumers in order to gain their perspective and learn from them.
- Officers receive instruction and demonstrations in basic listening and responding skills along with crisis interventions strategies. Real life crisis scenarios provided by trained professional actors with the assistance of state-certified CIT officers are presented to officers for them to demonstrate their resolution skills.
- **The scenario based training will take place on Thursday, April 19th, attendees will be required to wear their "department uniform of the day" for their current assignment.**

About the Instructors: The course will be conducted by a diverse group of law enforcement and behavioral health professionals, including active CIT officers from various parts of the State of Illinois. An essential part of the CIT course is scenario-based skills training with crisis scenarios provided by trained professional actors. All scenarios are facilitated and evaluated by certified CIT officers.

Crash Investigation 2

Frankfort Police Department

20602 Lincoln-Way Lane, Frankfort, IL 60423

Monday - Friday; April 23 – May 4, 2018

8:00 am till 4:00 pm

This course complies with the guidelines of the following mandate(s):

Civil Rights | Law Updates | Constitutional & Proper Use of LE Authority | Lead Homicide Investigator

Course Description: At scene traffic crash data collection is useful only if all appropriate information is collected and properly interpreted and analyzed. Participation in Crash Investigation 2 enhances the capability and credibility of the at-scene investigator.

Crash Investigation 2, based on the 2014 edition of J. Stannard Baker's world-renowned textbook Traffic Crash Investigation, emphasizes vehicle behavior in crashes, vehicle damage analysis and more advanced mapping and evidence location skills.

Crash Investigation 2 builds upon topics examined in Crash Investigation 1 and provides the student/investigator with greater knowledge of the information available at the crash scene and how to properly collect and initiate interpretation of that information.

The course also provides instruction in the use of laser-based measurement devices to measure crash scenes and the evidence found there. Laser Technology, Inc. units are used for these demonstrations. Downloading the electronic information into mapping programs is also covered.

Course Topics:

- Vehicle damage analysis - description, reporting and determination of direction of forces
- Vehicle behavior in crashes
- Results of the crash on the road - identifying and interpreting tire marks and road scars
- Lamp filament analysis - determining whether headlamps, tail lights and turn signals were on or off at moment of impact
- Tire damage analysis - role of tire failure
- Measurement methods - perspective grid, photogrammetry, measurement techniques, diagram drawing and systematic methods for organizing and illustrating data
- Interpretation of data - use of all information obtained through investigation
- Specialized data gathering - measuring devices and other testing
- Laser-based measurement and use of mapping software
- In addition to addressing how the latest generation of vehicle electronics - including data recorders, traction and stability controls, multiple airbags - affect both the crash and the crash investigation, specific new topics include:
 - hit-and-run investigations,
 - dealing with event data recorders
 - technical report writing and other emerging technologies

Continued on next page:

Course Materials: All students need to bring a laptop computer or other device with a USB port to the class. Student reference materials will be distributed in USB flash drives (files will accept electronic comments and highlighting and can be saved).

In all cases, please bring the following additional items to class:

- Comfortable outdoor clothing (likely to get dirty) for Week 2 outdoor projects
- Small pair of scissors
- Simple calculator with square root key
- Staedtler Geometry Compass
- Mechanical Pencils
- Triangles 45-45-90 and 30-60-90
- Laptop computer (or other device) with USB port(s) and Adobe Reader installed
- **Traffic Crash Investigation, 11th Edition – All Crash Investigation 1 students receive a copy of the text. If necessary, a copy may be purchased online at nucps.northwestern.edu/crashbooks.**
- Students may use calculators and electronic communication devices in class; however, possession/use of electronic communication devices during closed-book quizzes and exams is prohibited.

Who Should Attend:

- Crash Investigation 2 is designed for those who analyze data collected by other crash investigators and who gather and analyze supplementary data.
- Crash Investigation 2 participants must have successfully completed NUCPS's Crash Investigation 1 or its equivalent

Course Outcomes: Officers/investigators who successfully complete Crash Investigation 2 develop skills in technically preparing crash investigation data and collecting follow-up data required by prosecutors, defense attorneys, claim adjusters, fleet supervisors, reconstructionists and highway safety engineers.

Instructor (s): Course instructor(s) are provided by *NUCPS*.
